| SUBJECT: Meeting with for Further Work on EIC-P-8. 25X1A5a1 1. The undersigned conferred today with Vice Admiral Director of Research, discussed requirement for further work on EIC-P-8, "Soviet Bloc's 1955-1956 Military Transportation Capability to Launch and Support Campaigns into the Area Between the Baltic Sea and the Alps." A preliminary draft of this report was made available to on 19 August 1954. 25X1A5a1 2. Subsequent to this submission, meetings between and EIC representatives resulted in a determination that additional work along the same lines needed to be carried out to complete the request. (See minutes of EIC meeting, 7 October 1954). Some additional work was subsequently performed by a special task force set up under the Transportation Subcommittee of the EIC. However, no formal report was ever submitted by this task force, presumably because informal advice from representatives indicated that the requirement was no longer valid. 3. The purpose of today's meeting with and Assistant Research Director was to find out, in a more formal fashion, whether the requirement for further work on EIC-P-8 still existed. The findings were: 25X1A5a1 a. That the results of the preliminary EIC-P-8 study had been incorporated by in its overall report on Soviet Military Capabilities, which report had been completed and forwarded. | | MEMORANDUM FOR THE RECORD 25X1A5a1 |
